December 7, 2020

Dear RSU 23 Community,

After consultation with Maine CDC we were informed that the Loranger Memorial School COVID-19 cases that I communicated to everyone on Sunday, November 29 will be designated as a school outbreak. In school settings, an outbreak is declared when 3 or more confirmed cases from different households occur within 14 days. All school-related cases have been investigated by our school nurses and there are no additional cases or individuals that are being investigated at this time. In consultation with Maine DOE and Maine CDC Field Epidemiologist, Kate Colby, no further action is necessary. Due to case volume at the Maine CDC this information was communicated with us 7 days after the cases were reported. Please know that this designation does not change our RSU 23 response because, out of an abundance of caution, Loranger Memorial School and Jameson Schools have been closed for in-person learning since November 24. No further action is advised and both Jameson and Loranger schools are scheduled to reopen for in-person learning on Thursday, December 10.

Sincerely,

A handwritten signature in black ink that reads "John Suttie".

John Suttie
RSU 23 Superintendent of Schools
